For your cat's comfort, Cats Limited Veterinary Hospital will provide the following:

Beds, blankets, food & water dishes, litterbox & litter, food (Royal Canin Dry, Pro Plan and Science Diet Canned), pill pockets (if needed), insulin syringes (if needed), lactated ringers, venoset & needles (if needed).

PLEASE NOTE: (only pertains to shared townhouse requests) - Sometimes cats may feel stressed in a strange place, and may become aggressive with each other when sharing a townhouse. In this case your cats will be separated for their safety, and individual charges will apply. If an additional townhouse is not available, one may need to board in a large hospital cage. The arrangement may be temporary until they adjust, or may be needed for their entire stay.

All patients must be free of external and internal parasites, and cats found to have evidence of parasites will be treated at the owner's expense. Cats may not be discharged outside of regular hospital business hours. I verify that I am the owner or authorized agent for the cat listed, and I consent and authorize Cats Limited Veterinary Hospital to care for and treat said cat. I understand that every reasonable effort will be made to contact me as soon as possible if an emergency or unanticipated situation arises. If I am unable to be reached, I authorize the staff to proceed with treatment as deemed necessary for the well being of my cat, including the use of anesthesia. While I expect all procedures to be performed to the best of the abilities of the staff, I acknowledge that no guarantee or warranty regarding the outcome or results of any treatment has been given. I understand I will be responsible for all charges incurred, to be paid at discharge. Any cat not claimed within ten (10) days of pick-up date, without new provisions being made, will be considered abandoned, and becomes the property of Cats Limited Veterinary Hospital and will be handled according to our best judgment.
